Flashy Unicorn

DRAWING GUIDE

Hi Parents!

I'm Patty, founder of Deep Space Sparkle. I was an art teacher in California for 13 years before I traded in my paint-splattered apron to help art teachers and parents navigate the world of kids art.

The Flashy Unicorn Project is a beginner art lesson perfect for any age child. Perhaps you'll even enjoyed it!

I love projects that combine a simple drawing with happy colors and instructions that engage the imagination of little artists. I truly believe that drawing and painting is the shortcut to happiness.

The video tutorial for this project can be found right here on our [Deep Space Sparkle website](https://www.deepspacesparkle.com).

Enjoy creating art with your kids!

Patty

1

Near the center of the paper, draw an upside-down "U" for the unicorn's ear.

2

Draw a curved line out from the ear and around to create the nose.

3

Draw two long lines down to create the unicorn's neck.

4

Add a curved line to connect the bottom of the neck. Add a "U" for the eye. Draw the nose and nostril. Add a flowing mane.

5

Add wavy lines inside the mane.

Draw a line from the ear up towards the top of the paper.

6

From the top of the line, draw a line back towards the head to create the horn. Add curved lines to the inside of the horn.

“Last March, I went in for my first art teacher interview, & they unexpectedly asked if I could teach 5-7 year olds. I smiled and said yes because I had The Sparklers' Club magic in my back pocket! Being a member gave me the confidence I needed in a low part of my life. I joined for the lessons and the teaching, but I had no idea I would find a family here as well.”

Laura

“Before I joined The Sparklers' Club, teaching art was so lonely! After so many years of teaching, I felt like my lessons were getting stale and I had no support. But then I became a Sparkler! Being a part of this group, sharing ideas, having the amazing lessons, and this whole community has given me a brand new sense of joy and enthusiasm that I had when I first started teaching”
